[SMARTboard with Kodable App on is being used for whole class introduction.]

STUDENT: And then straight, click, go.

[Student walks up to the SMARTboard and chooses the correct arrow on the right in the App and moves it into the programming area on the left]

AUDIO FROM KODABLE APP: When you think you have the correct code, press the play button to test it.

EDUCATOR: And finish it off. Jordan can you finish it off for us?

[Student walks up to SMARTboard, presses the play button and walks backward to his place on the mat watching the program run.]

AUDIO FROM KODABLE APP: Woo hoo! Looks Good!
